

## Quantum Learning for Teachers 5-Day Public Workshop

### It Works!

Quantum Learning helps bring passion and fun back to teaching. It works because QL-trained teachers learn the how and the why from top facilitators who model effective QL classroom methods throughout the workshop. Teachers leave our programs with tools they understand and know how to use in their classrooms. As a result, students with QL teachers attain higher achievement levels and gain improved attitudes toward learning.

### When: June 6-10, 2011

8:30 am – 3:30 pm each day  
Registration on Day 1 at 8:00 am

**Where:** Spirit of God Fellowship, 16350 S. State St.,  
South Holland, IL 60473

**Cost:** \$450/person for full five days (if registered  
with a team of three or more by May 1)  
\$495/person for full five days (by May 1)  
\$595/person for full five days (after May 1)  
\$145 per person, per day (if attending  
fewer than 5 days)

### Learn key strategies to increase student achievement:

- Master powerful ways to motivate your students
- Create an engaging brain-compatible learning environment
- Learn how to use music in the classroom to enhance academic results
- Deliver effective presentations and elicit more participation
- Design dynamic lessons and implementation plans

### Rigorous research:

- Positive impact on student achievement in 18 schools in four states
- 100% of teachers reported being more effective
- After Quantum Learning, students' grades increased by 35%

### Studies show after Quantum Learning

- 100% reported being better teachers
- 94% reported more awareness of students' learning styles and needs
- 86% reported making more meaningful connections with students
- 83% reported raising their personal teaching standards
- 88% take more risks in teaching

### Who should attend:

- **K-12 Teachers**
- **Title 1 Coordinators**
- **Administrators**
- **GATE Instructors**
- **Special Ed. Instructors**
- **Counselors**
- **Adult/Vocational Ed. Specialists**

### Patricia Brucki – QL Facilitator

Patricia Brucki has been a top facilitator for Quantum Learning since 1996. She has successfully implemented Quantum Learning strategies with students, parents, and teachers across the United States and at her own kitchen table. As a classroom teacher, coach, wife, and parent of three active children, Patti values the daily positive impact of the QL strategies. She currently serves as the District Professional Developer for Thornton Township High School District 205 on Chicago's south side. Patti holds Masters Degrees in Library Science and Education & Leadership from St. Xavier University.
